### DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Applicant's arguments filed 05/17/06 have been fully considered but they are not persuasive. See the explanations below.

3. Claims 4-6 and 10-18 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Krammer et al 2001/0021387.

The cited prior art is of record in the previous communication. Applicants' amendment to the claims and arguments have been noted; however, it is the Examiner's position that Applicants' arguments that the cited prior art does not disclose the type of siloxane compounds claimed are not convincing because the claimed organopolysiloxane compound claimed only requires at least one anhydride group, and the cited prior art does disclose such a compound as indicated in the previous communication.

4. Claims 4-6, 10-11, 17, and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are drawn to an improper Markush practice by the recitation of "selected from the group of...". It is herein suggested that the recitation be changed to --selected from the group consisting of---.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See

Art Unit: 1711

MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to SAMUEL A. ACQUAH whose telephone number is 571-272-1065. The examiner can normally be reached on M-TH, FRIDAYS OFF.
